SAN DIEGO STATE UNIVERSITY ARMY ROTC

AZTEC BATTALION

FREEDOM TO LEAD, FREEDOM TO SURF!

Students by day and warriors by night, our Cadets are the model citizens of San Diego. San Diego State Army ROTC offers opportunities and friendships that will last a lifetime. Enjoy all the beauty that San Diego has to offer while earning your degree and developing leadership skills that will take you far beyond the classroom.

SDSU ARMY ROTC OFFERS MANY OPPORTUNITIES TO EXCEL

Aztec Army ROTC offers two, three and four year scholarships based on merit and grades. Each semester Cadets will enroll in Military Science classes designed to teach military knowledge and to help Cadets develop their leadership skills necessary to commission as a Second Lieutenant upon graduation. Topics range from Military Operations and Tactics, Logistics and Intelligence, to Army Problem Solving, Ethical Reasoning and Adaptive Leadership. SDSU Aztec Cadets are also actively involved in the community. Our battalion volunteers for color guards to support professional and university sporting events, as well as events within the community and to honor our vast network of veterans. Upon commissioning you will have the opportunity to showcase your leadership skills as a Second Lieutenant in the Active Duty Army, Army National Guard or Army Reserves. New lieutenants receive exceptional pay, medical and dental coverage, promotional growth, and job security.

STAND OUT FROM THE REST!

When you become a part of Aztec Army ROTC you are not just working toward a degree, but an even brighter future as a leader alongside other motivated Cadets. But make no mistake, you're a student first. You'll have a college schedule like your fellow students, but you'll also receive classroom and field courses that will challenge and excite you. Beyond that, you can take part in events and activities with fellow Cadets that will make your college experience even more rewarding.
