A message from your JMS Advising Coordinator, Alexa Mokalis:

This packet contains the checklists for all our majors and other information for navigating your way through the requirements for your major. The information from the handouts is taken from the [General Catalog](#) and we strongly recommend that you take the time to read the JMS requirements in the General Catalog. You are responsible for meeting all the requirements as listed in the catalog. Please don't hesitate to contact JMS Advising if you have any questions or concerns.

Once you have completed all the pre-major requirements described in the catalog, you will be eligible to move into major status. Usually we will be able to do this automatically after each semester. However, in some cases, you will need to contact our Advising Coordinator to complete the paperwork to switch from pre-major to major. We strongly urge you to finish all your prep-for-the-major requirements by the end of your sophomore year, or after the first semester of your junior year. This includes passing the Grammar, Spelling and Punctuation Test (GSP). ***Note that the GSP has been replaced with a different virtual assessment called EGUMPP. Information on this assessment is available on the JMS Homeroom on Canvas (you'll get access to this soon if you have not already).* If you complete all your prep-for-the-major requirements by the end of the spring semester of your sophomore year or the fall semester, junior year (at the latest), you can complete your major in four years (or two, if you are a transfer student).

Please be aware that all of our majors have a three-semester sequence of classes once you have been admitted to the major. This means you may only have five or six classes remaining, but you will have to take them over three semesters.

We have a JMS Homeroom site on your Canvas portal. This is the first place you should go for answers to your questions or to learn more about how to proceed through your major. Please also join us on social media—see the flyer in this packet.

We are thrilled to have you join our JMS Aztec family and so look forward to the opportunity to meet you in-person in the future!

If you have any major-related advising questions, please contact me:

Advising Notes:

Transfer Students: Classes to take your first semester at SDSU while you wait to get into the UD Major

In order from MOST IMPORTANT

1) Finish all preparation-for-the-major courses with the required 3.0 GPA

Take all the prep-for-the-major lower division classes you have not yet taken, or retake the necessary classes in order to earn a 3.0 GPA in those classes. If you retake a class in which you already earned a C, you'll receive zero grade points (the new grade will not count toward your cumulative GPA), but will be hand-calculated toward the required 3.0 GPA in the prep-for-the-major classes.

NOTE: If you need **both JMS 220 and JMS 210**, please email your JMS advising coordinator before the fall semester begins. We have a special section of JMS 220 saved for you so that you can take both because the other sections have a time conflict.

2) Complete (and pass) the EGUMPP online assessment program by the end of the semester.

The GSP has been suspended until further notice and has been replaced with an online program called EGUMPP, which students are now required to pass in order to enter into our upper division majors. You must take this assessment/exam during the fall 2021 semester if you want to try to get into the major in spring 2022 (which puts you on track for a timely graduation).

3) Take the required “Principles of” course in your major (get at least a C):

<u>Major:</u>	
Advertising:	JMS 460
Journalism:	JMS 300
Media Studies:	JMS 408
Public Relations:	JMS 480

4) Then, as schedule allows, take one or two of the required core classes:

- JMS 494 Media Law and Ethics (all JMS majors)
- JMS 489 Research Methods in Mediated Communication
 (all JMS majors EXCEPT Advertising majors need this course)
- Other “Principles of” course you might also be interested in (counts as elective or for AD/PR, as “choose 3 units from...”)

5) Take your Upper Division GE Explorations Courses:

You are required to take 3 upper division Explorations courses as part of your GE coursework here at SDSU. You can find the options for these courses on your degree evaluation and/or on the SDSU class schedule. You can take these courses as a JMS pre-major while you wait to get into the upper division major.

5) You may also take classes for your Auxiliary Discipline or a Minor:

Auxiliary Discipline: You must take 15 units from a department outside JMS. At least 6 of the 15 must be upper division.

OR, if you've decided that you are going to declare a minor instead, you can take courses for your minor.
